

May we know Divine Mystery  
Raining down from above,  
Welling up from within,  
Coming together  
To melt obstacles, dispel illusions.

May we sense with fresh faculties,  
Apprehend with an open mind,  
Love with an open heart,  
That we might  
Know in the midst of unknowing.

May we rest in that Presence  
That gives us serenity,  
Courage,  
Wisdom  
And restructures our very being  
Into Love Incarnate. Amen.
